

Religious Scholars...

- Recall the key knowledge they have been taught each year.
- Engage with a range of questions about purpose in life, beliefs about Gods and what it means to be human.
- Ask reflective questions about religions to build a deeper knowledge as well as a clearer understanding of the views of others.
- Understand how the beliefs, values and practices of a religion determine ways of life.
- Have a broad knowledge of different religions/world views enabling them to develop their ideas, values and identity.
- Participate positively in society demonstrating tolerance and respect for views and beliefs, other than their own.
- Reflect on the impact of religions and world views on life locally, nationally and globally.
- Interpret and evaluate evidence, texts and sources of wisdom and authority, expressing insights whilst agreeing or disagreeing respectfully.
- Connect the knowledge of religions and beliefs to personal reflections on meaning and purpose of our own lives, while respecting the rights of others to differ.

'Exploring faiths and religions of the world'
